Growing to serve you better!

More product, faster delivery, better customer service!

IDentiphoto Company, Ltd. is proud to inform you of our building expansion, from 5,000 sq. ft. to 9,000 sq. ft.

This expansion allowed us to increase our warehouse space to stock more products than ever before, permitting us to provide you with faster delivery!

Our technical support area has doubled in size to better accommodate repairs and support.

In an effort to do our part in reducing our carbon footprint, we have installed new energy saving fixtures throughout our entire 9,000 sq. ft. building. This effort has reduced our electrical use by fifty percent. Plus, our accounting system now has the ability to fax or email invoices to our customers reducing our paper consumption by seventy-five percent.
